

IDPH FAST PHACT

FEATURING

Summer Safety: From Cyclospora to Critters and Cooling Shelters

A u g u s t 2 0 , 2 0 2 6
1 2 – 1 p . m . (C S T)

Join us for a series of clinician-directed interactive info sessions in an office hours format targeted towards raising timely awareness of emerging and high-impact public health issues that directly involve clinical care or health system considerations. All health care professionals are invited to participate.

Experts from IDPH and other agencies will discuss and present on 1 to 2 topics each session with a forum for addressing questions around clinician roles in these situations from triage and testing to reporting and prevention considerations.

Learning objectives:

- Increase clinician awareness of their role during outbreak investigations such as cyclospora, salmonella and measles.
- Enhance knowledge of tick prevention and emerging diseases associated with them.
- Improve practices around rabies prophylaxis and managing bat exposures.
- Review of heat and air quality impact and management.

Up to one credit hour of Continuing Medical Education Credit is Available.

Live webinar attendance with completion of post-webinar survey and is quiz required.

The Illinois Department of Public Health (IDPH), Medical Services Division is authorized to offer formal programs of continuing medical education (CME) to Illinois physicians licensed under (225 ILCS 60/) the Medical Practice Act of 1987. The formal programs must comply with the criteria in subsection (c)(3) of 68 Illinois Administrative Code, Section 1285.110 and all other criteria in this section.

Each licensee is responsible for maintaining records of completion of continuing education and shall be prepared to produce the records if requested by the Illinois Department of Financial and Professional Regulation.
